

## WELCOME TO NORWOOD DAY SURGERY

---

First established in 1977, Norwood Day Surgery has been a fully accredited day surgery since 2005.

Our team of expert surgeons have a combined experience of over 60 years!

In the past, medical intervention to minimize the ageing process or correct minor concerns was considered a drastic measure, involving an expensive hospital stay and a long period away from normal activities.

Recent medical advances however, mean that most people can now achieve an improved appearance at reasonable cost, and with minimal interruption of your personal and social routine.
