

WELCOME TO NORWOOD DAY SURGERY

First established in 1977, Norwood Day Surgery has been a fully accredited day surgery since 2005.

Our team of expert surgeons have a combined experience of over 60 years!

In the past, medical intervention to minimise the ageing process or correct minor concerns was considered a drastic measure, involving an expensive hospital stay and a long period away from normal activities.

Recent medical advances however, mean that most people can now achieve an improved appearance at a reasonable cost, and with minimal interruption of your personal, professional and social routine.
